PROPOSAL FOR APARTMENTS

SMART HOME PACKAGES

PROPOSAL FOR LOTUS APARTMENTS

ABSTRACT

It's about creating solutions that set your project apart, and putting you a step above all the rest. It's how we mind your business. Set your lighting, music, temperature and video to greet your customers with the perfect welcome. With one button your security system arms, lights go on, temperature adjusts and all the music and TVs automatically turn on. Keep an eye on things—from anywhere. Whether equipment or lights are left on, or unusual activity is detected, you'll always be in the know. We have the products to enable control of virtually anything in your home, tied to a system that makes living and interacting with them easy for the whole family. Our proposal is divided into basic (mandatory) and addon (optional) packages, so that you and your clients can select what is most important to you.

Jovan Pericic
FREEJACK d.o.o.

Control4

Control4 [NASDAQ: CTRL] is a leading provider of automation systems for homes and businesses, offering personalized control of lighting, music, video, lighting, temperature, security, communications and similar functionalities into a unified home automation solution that enhances the daily lives of its customers. Control4 unlocks the potential of connected devices, making entertainment systems easier to use, homes more comfortable and energy efficient, and families more secure. By delivering insightfully simple control solutions that enhance the lives of individuals and families, Control4 is the automation platform of choice for consumers, major consumer electronics companies, hotels, and businesses around the world.

- *Control4 is the leader in Home Automation with over 200,000 homes*
- *Over 15 million devices controlled*
- *Over 8000 drivers*
- *Many world-leading companies work with Control4 for seamless integration including Kwikset, Baldwin, Yale, Sony, GE, Honeywell, Aprilaire, Denon...*
- *Lifestyle driven – easily personalized solutions for homeowners*
- *Solutions for all customer segments: first-time buyers to custom homes*
- *Repeat customers and easy upgrade path*
- *Over 3700 Dealers worldwide*
- *World-class support organization and process*

THE SOLUTION

We create, distribute, and support lifestyle automation solutions for families and businesses.

Your Control4 system lets you automate many of the electrical, electronic, and motorized devices in your home, helping to make your home more enjoyable for you and your family or clients.

- *Control your lights from the buttons on your keypad. Edit lighting scenes on your touch screens or Control4 apps.*
- *Control videos, movies, music, and blinds in your home theater using your remote control, touch screens, Control4 apps, and more.*
- *Play music in every room or on the patio with music zones or using a smartphone, tablet, computer, or touch screen.*
- *Control heating, cooling, the security system, sprinklers, garage door opener, fireplace, pool, spa, and much more from a keypad or Navigators.*
- *Use intercom to send and receive audio and video (requires at least two touch screens that support intercom).*
- *Monitor and automate your home remotely using the Control4 app or web and 4Sight with Anywhere Access.*
- *Control equipment and devices in specific rooms. The Control4 Navigators let you control devices in one room or the whole house. To control the room you want, simply change rooms (see "Change Rooms").*
- *Manage several devices per room. Control your TV, receiver, tuner, DVD player, movie projector and screen, and more in the same room.*

SMART HOME PACKAGES

Control4 premium automation solutions make you the true master of your domain. Easily and intelligently control every aspect of your house—from lights, security, climate control, home theater, music, and more—even if you are miles away. Or let things happen automatically. Music can stream throughout the house from any source. When it's game time, have the lights dim, the shades lower, and the TV tune to the right input, with one tap. Your security system arms automatically as the lights go out the minute everyone's safe in bed. It's that simple and fully customizable for any home, big or small. Control4. It's better living—automatically.

ADDON PACKAGES

SMART LIGHTING SOLUTIONS

Want to change the mood in an instant? Use light to create contrast, focus and depth. While trends in design and décor are ever-evolving, lighting will always play a critical part in creating an inspiring and beautiful room—not to mention, a safe and comfortable environment. Whether you're in a home or in a business, ambiance makes all the difference in the world.

With Control4® smart lighting solutions, you'll have the freedom, flexibility and convenience to change a mood or create a different ambiance in one touch—or even automatically. Impress your guests with a single button that dims the lights, ignites the fireplace and turns on the

music. Activate a “goodnight” mode, right from your nightstand, that turns off all lights throughout the house—without ever getting out of bed. Plus, when smart lighting is tied to other systems in the home—such as the music, shades, temperature, security and more—the possibilities are virtually endless.

- *An elegant keypad replaces an unsightly bank of light switches to provide easy one-touch control of activity-based scenes. With Custom Button Engraving, everyone will know what each button does.*
- *Plus, built-in sensors change the button brightness depending on the lighting of the room, so they're always perfectly lit.*
- *A “Cooking” scene starts a playlist and brings the kitchen lights up while dinner is being prepared.*
- *A “Goodnight” button turns off all lights, locks the doors and turns the thermostat back to a desired setting.*
- *Lights in the house turn on automatically as the door opens, offering a safe welcome home.*
- *LEDs provide quick visibility to which lights or scenes are currently activated.*

The bottom button can be designated as up and down volume controls.

Addon 2.1 - One room Smart Dimmable Lighting

(up to 4 light circuits, 3 dimmable and 1 switched, configurable button keypads, no previous cabling required)

■ Addon 2.1 Package Details:

Brighten or dim any light in the room with a single touch. Or allow lighting to respond to your life, without any touch at all. Smart lighting provides convenience, energy efficiency, and added security. And it's smart enough to handle more than just the lights. A simple tap can lock the doors, ramp up the temperature, and start a movie—all at once. Control4 Wireless Dimmers and Switches can control lights, scenes, blinds, music and more. It's not just smart, it's brilliant.

(Option includes up to 6 programmed scenes. Additional costs may be incurred if you want more than 6 programmed scenes.)

■ Addon 2.1 Package Contains:

1		Control4 C4-SAPD240-N Square Wireless Adaptive Phase Dimmer, 240V - neutral Combines elegant dimming with a configurable keypad for the ultimate in lighting control.
2		Control4_C4-SSW240 Square Wireless Switch, 240V - Combines a relay and configurable keypad for on/off control of a variety of load types. The keypad can be configured with two to seven buttons using five different button sizes for a total of 38 possible configurations.
3		Control4 C4-DM201-Z - Wireless Puck Dimmer Compatible with a wide variety of keypads to offer a broad range of design options. Fits round and square wall boxes. Support retrofit installations by providing control through wireless ZigBee radio communications.
4		1x Installing equipment, installation material, integration, programming, testing

Addon 2.2 - Whole Home Smart Dimmable Lighting

(up to 8 light circuits, 6 dimmable and 2 switched, configurable button keypads, no previous cabling required)

▪ Addon 2.2 Package Details:

Brighten or dim any light in the room—or the entire house—with a single touch. Or allow lighting to respond to your life, without any touch at all. Smart lighting provides convenience, energy efficiency, and added security. And it's smart enough to handle more than just the lights. A simple tap can lock the doors, ramp up the temperature, and start a movie—all at once. Control4 Wireless Dimmers and Switches can control lights, scenes, blinds, music and more. It's not just smart, it's brilliant.

(Option includes up to 12 programmed scenes. Additional costs may be incurred if you want more than 12 programmed scenes.)

▪ Addon 2.2 Package Contains:

1		Control4 C4-SAPD240-N Square Wireless Adaptive Phase Dimmer, 240V - neutral Combines elegant dimming with a configurable keypad for the ultimate in lighting control.
2		2x Square Wireless Switch, 240V - neutral Combines a relay and configurable keypad for on/off control of a variety of load types.
3		2x Square Wireless Configurable Keypad, 240V - neutral Elegant and customizable user interface. The keypad can be configured with two to seven buttons using five different button sizes for a total of 38 possible configurations.
4		2x Control4 C4-DM201-Z - Wireless Puck Dimmer - Compatible with a wide variety of keypads to offer a broad range of design options. Fits round and square wall boxes.
5		1x Installing equipment, installation material, integration, programming, testing

Addon 2.3 - Whole Home Smart Dimmable Lighting**Panelized Pre-Wired Option***(Complete system, up to 16 dimmable light circuits*, configurable button keypads, requires pre-cabling)***▪ Addon 2.3 Package Details:**

With Panelized Lighting solutions from Control4, all dimming, switching and load management is performed by smart lighting modules, tucked away in a panel located in a mechanical room or closet.

Simplify lighting control by replacing unsightly banks of light switches and dimmers with one elegant keypad that integrates lights, music, security and more. Discreet Panelized Lighting solutions enable complete control over residential and commercial lighting systems. Brighten or dim any light in the room—or the entire house—with a single touch. Or allow lighting to respond to your life, without any touch at all. Smart lighting provides convenience, energy efficiency, and added security. And it's smart enough to handle more than just the lights. A simple tap can lock the doors, ramp up the temperature, and start a movie—all at once. Control4 Wireless Dimmers and Switches can control lights, scenes, blinds, music and more. It's not just smart, it's brilliant.

▪ Addon 2.3 Package Contains:

1		1x	Control4 C4-DIN-8DIM-E - 8-Channel Adaptive Phase Dimmer Controls up to eight (8) loads from one module in the Control4 system.
2		1x	Control4 C4-DIN-BEG - Bus Ethernet Gateway Connection point for all wired keypads and other devices on the Control4 RS-485 system bus.
3		1x	Control4 C4-DIN-8TV-E - 8-Channel 0-10V Dimmer - Controls up to eight (8) 0-10V dimmable fluorescent ballasts or LEDs.
4		1x	Control4 C4-DIN-8ESW-E - 8-Port Ethernet Switch - allows a single Ethernet CAT5e cable to be pulled into a lighting panel, and then distributed to up to seven other Control4 panelized lighting devices.
5		1x	Control4 C4-DIN-BPS48 48V Bus Power Supply Provides power for Configurable Wired Keypads, Bus Ethernet Gateway and Dry Contact Input Module.
6		1x	Control4 C4-DIN-2PAN - 2-Slot Panel Houses all centralized components of a Control4 Panelized Lighting System.
7		1x	Control4 C4-DIN-TB-8DIM - 8-Channel Dimmer Terminal Block
8		1x	Control4 C4-DIN-TB-PO - Power/Override Terminal Block
9		6x	Control4 C4-SKC-N - Square Wireless Configurable Keypad, 240V Elegant and customizable user interface that unlocks the power of one touch automation.
10		1x	Installing equipment, installation material, integration, programming, testing

(Option includes up to 12 programmed scenes. Additional costs may be incurred if you want more than 12 programmed scenes.)

Addon 2.4 - Switched Relays/Motors

Panelized Pre-Wired Option

(Complete system, up to 16 dimmable light circuits*, configurable button keypads, requires pre-cabling)

- **Addon 2.4 Package Details:**

(Option includes up to 12 programmed scenes. Additional costs may be incurred if you want more than 12 programmed scenes.)

INTEGRATED SECURITY

Check in on things at home from wherever you are. Receive alerts when someone enters the house, the garage door is left open, or a leak is detected in the basement. Intelligent security puts peace of mind at your fingertips so you can rest assured that all is safe.

- **CAMERAS** Your home is your largest investment, and you want your property (and your family) to be safe and secure. With Control4, it's easy to check on your home from your television, touch screen, and even from your smartphone when you are at home or away.
- **LOCKS AND ALERTS** Easily view and manage locks, or grant or remove access to the house. Receive notification the moment that something isn't right, such as a pipe leaking in the basement or the garage door left open.
- **MOCKUPANCY** Alternate lights and shades—and even televisions—in a random fashion so that your home simulates your family's activities to make it appear occupied while you're away, providing additional security and added peace of mind.
- **VIDEO MONITORING** Remotely view live security camera footage straight from your mobile device, and take command of your home, whether you are downstairs or downtown.
- **ARM AND DISARM** As elegant as it is effortless, arm or disarm your security system—or even receive immediate emergency assistance—directly from an intuitive user interface on a touchscreen, TV or mobile device.

▪ **Addon 3.1 Package Details:**

With a Kwikset electronic door lock you can use your own personal code to enter your home with just a few simple pushes of a button and lock it with just one. You also get more control over who has access to your home. Just assign a temporary code to whoever needs one and delete it when you see fit. Now you can totally eliminate the need for keys. A SmartCode keyless entry lock is easy to install, program and use and operates on 4 AA batteries. The SmartCode keyless entry lock complements any Kwikset knob, lever or handleset.

The Kwikset Smart Code Keyless Entry Deadbolt can be programmed with your Control4 system so that doors lock automatically or, if you prefer, with a push of a button on your smartphone, tablet, and touchscreen—even from your TV!

No wiring required.

Can work independently.

▪ **Addon 3.1 Package Contains:**

1	A photograph of the Kwikset Smart Code Keyless Entry Deadbolt lock with its keypad attached.	Kwikset Smart Code Keyless Entry Deadbol With a SmartCode keyless entry deadbolt you can use your own personal keypad code to enter your home with just a few simple pushes of a button and lock it with just one. You also get more control over who has access to your home. Just assign a temporary keypad code to who ever needs one and delete it when you see fit.
2	A photograph of a blue and black screwdriver.	1x Installing equipment, installation material, integration, programming, testing

Addon 3.2 - Integrated Camera

Smart Home integrated IR Mini Dome Network Camera

- **Addon 3.2 Package Details:**

Watch the integrated camera (or more cameras) on any screen interface in your home, including TV, Touch screen, iPhone, android phone etc...

Essential for any smart home is the use of home security and surveillance systems to increase safety, protect your family and monitor activity on your property. There are a couple types of security to consider; alert Systems, home monitoring kits and security systems. For surveillance, you can choose from network IP Cameras, and complete surveillance systems with DVRs.

The cool thing is that these security and surveillance devices are remotely accessible from your smart phone or tablet, and with 4sight subscription, from the same app you use to control your home – so you can know exactly what's going on at home even when you're not there.

- **Addon 3.2 Package Contains:**

1

Pakedge IP cameras were jointly developed with the video experts at LILIN to deliver high-quality video surveillance for today's connected homes. Each camera offers exceptional, high-definition (2 MP/1080p/30 fps) video, viewable on touch screens, televisions, or smartphones—at home or anywhere in the world.

2

1x Installing equipment, installation material, integration, programming, testing

Addon 3.3 - Integrated Alarm System*Smart Home integrated IR Mini Dome Network Camera*

- **Addon 3.3 Package Details:**

Control4 gives you an easy-to-use interface for arming, disarming, and controlling it. You can send a panic alert, view the history of all logged security events, and even directly control security sensors.

The cool thing is that these security and surveillance devices are remotely accessible from your smart phone or tablet, and with 4sight subscription, from the same app you use to control your home – so you can know exactly what's going on at home even when you're not there.

Your Control4 system means more than just convenience—it means safety, as well. Use your automated home to monitor security cameras, control your security system, and even simulate occupancy while you're away...

- **Addon 3.3 Package Contains:**

1		1x Alarm system based on DSC – compatible with Control4 Smart Home System
2		1x Wireless keypad
3		10x Wireless DSC movement sensors
4		2x Remote control
5		1x GPRS module – calling station
6		1x Installing equipment, installation material, integration, programming, testing

COMFORT & CONVENIENCE

Enjoy a comfortable and inviting home that delivers energy-efficient climate control, convenient management of your pool and spa, and enables easy communication for your family.

- *CLIMATE - Enjoy personalized comfort settings that can be activated on a schedule, with just a few taps on your phone or touch screen, or by voice. Integrate your Control4® automation system with your existing HVAC, radiant flooring, forced air, dual fuel and geothermal systems. Adjust climate settings at the thermostat or through the user-interface from a touch screen or smartphone. Allow temperature and humidity to adjust according to the season. Even light the fireplace without ever leaving the couch.*
- *BLINDS & SHADES - Easily raise, lower, or tilt individual window coverings or a grouping of motorized blinds or shades in your home. Control4 works with some of the world's leading shade manufacturers—such as Lutron, QMotion and Somfy—to ensure a seamless experience through manual control or by automated settings that work alongside the lights and thermostat to increase energy efficiency.*
- *OUTDOOR CONTROL - Comfort and convenience extends past interior walls and into your outdoor oasis. Pool and spa control make it easy to turn on the heat, set the temperature or crank the jets from the Control4 App. Automate your sprinklers and lawn systems to respond to weather conditions.*
- *INTERCOM ANYWHERE - From anywhere in the world, receive calls from your porch, the gate, or from anywhere inside of the house. Your door station will ring you when a service worker has arrived, and you can give instant access to the house from the same convenient app. Alternatively, use your smartphone to call any touchscreen in the house, so you can see how the kids are doing with the new caretaker. It's the perfect blend of peace of mind and home control. Learn more about Intercom Anywhere.*

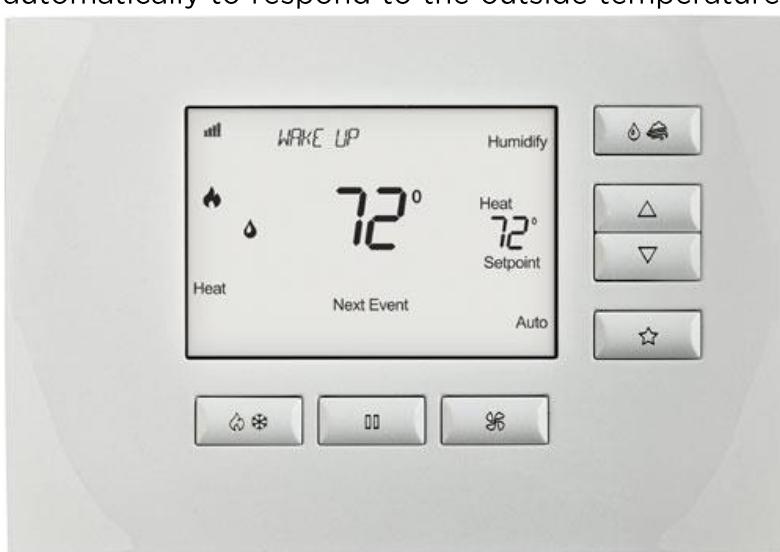

Addon 4.1 – Smart Thermostat

(Depends on HVAC system)

▪ Addon 4.1 Package Details:

Add intelligent temperature control to your home. Conserve energy by adjusting the HVAC automatically to respond to the outside temperature, season or time of day from any Control4 user interface.

The Control4 Wireless Thermostat can be programmed for up to six customizable set points per day, providing you a greater level of comfort, and can be remotely controlled from anywhere you choose.

▪ Addon 4.1 Package Contains:

Mobile Access

Control from anywhere

- Anywhere Access—With a 4Sight subscription, access and monitor your home or business from virtually anywhere.
- Alerts—Get notifications about the status of your system, such as "Garage door open" or "Water leak detected."
- Secure—4Sight uses the same secure communication protocols and encryption used by financial institutions, ensuring safe and secure access to your smart home.
- 4Sight provides secure mobile access to your home while you're away. 4Sight lets you monitor your cameras, lock the doors, adjust the temperature, close the garage door, and even turn on lights to welcome you home. Available on **Android** and **iOS** smartphones and tablets.

▪ **Addon 5.3 Package Contains:**

1		1x Control4 C4-4SIGHT-E - 1 Year 4Sight Subscription Kit Enables remote monitoring control of Control4 systems
2		1x Installing equipment, installation material, integration, programming, testing

Addon 5.4 - On-Wall Keypad

(Option includes up to 12 programmed scenes. Additional costs may be incurred if you want more than 12 programmed scenes.)

▪ Addon 5.4 Package Details:

Control4 Keypads provide a stunning interface for your Control4 Smart Home system, combining flexible button configuration with beautiful aesthetics to complement the decor of your home. With the simple press of a button, you can activate a scene, allowing events to happen simultaneously.

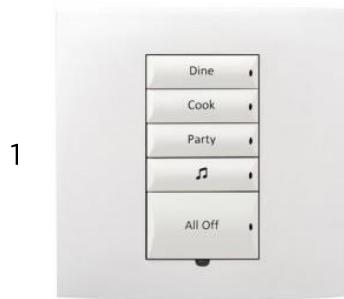

- Can include 1-6 LED backlit engraved buttons in various combinations. The bottom button can also include up and down volume arrows. Four different button sizes allow for a total of 38 possible configurations.

- Mix-and-match engraved buttons and sleek, screwless faceplates with 12 stylish colors and gloss and satin finishes.

- Buttons allow for quick control of your favorite scenes. For example, a "Goodnight" button can be configured to shut off all the lights, lock the doors and arm the alarm, all at once.

▪ Addon 5.4 Package Contains:

1

1x Control4 C4-SKC-N - Square Wireless Configurable Keypad, 240V
Elegant and customizable user interface that unlocks the power of one touch automation. The keypad can be configured with two to seven buttons using five different button sizes for a total of 38 possible configurations.

2

1x  Installing equipment, installation material, integration, programming, testing

Addon 5.5 - Smart Home TV interface & Control

in one more room with TV

(Other TV Room/Bedroom, WITH THIS ADDON INCLUDED, MEDIA CONTROLLER MUST ALSO BE INCLUDED!)

▪ Addon 5.5 Package Details:

Get your smart home started with an affordable smart entertainment experience that connects and automates all of the gear around your TV, with just one remote. Together the EA-1 Controller and the SR-260 System Remote Control deliver a beautiful, intuitive, and responsive on-screen user interface with the ability to create and enhance the entertainment experience for any TV in the house.

This package gets you up and running with basic Control4 automation, so you can control lighting throughout the house (with addons 2.x), control everything in your entertainment center, and make sure your home temperature is always set just so—when you're home or away (with addons 5.x), and all with one remote control.

Watch a movie or favorite TV show with the press of a button. Easily control music and entertainment from all devices including: Amazon, Apple, Heos, LG, Roku, Samsung, Sonos, Sony, and thousands more. Enjoy millions of songs and playlists with native streaming services like Deezer, Pandora, Rhapsody, TIDAL and TuneIn Radio. On-Screen navigation is fast and responsive, easy enough for the entire family to use. Easy to enhance the entertainment experience by adding smart lighting, climate control, and intelligent security. Control4 App license enables in-home control from multiple iOS—including Apple Watch—and Android mobile devices. Connect to your home remotely with an optional 4Sight subscription.

▪ Addon 5.5 Package Contains:

1		Control4 C4-EA1-SR - Control4 Entertainment & Automation Controller - 1 Zone (WITH System Remote) - ideal smart home starter set—Designed for an exceptional family room entertainment experience, the EA-1 Entertainment Bundle connects and automates all of the gear around your TV, with just one remote.
2		Control4 C4-WMEA1 EA-1 Wall-Mount Bracket The bracket provide several mounting options, such as on-wall or behind a TV in various orientations.
2		1x Unmanaged Small 5-port Business Switch COMPATIBLE WITH CONTROL4 SYSTEM
3		2x Patch Cable STP 0 -5m Cat6
4		1x Installing equipment, installation material, integration, programming, testing

SMART SOUND

When it comes to entertaining, it's usually the little things that make a big impact. Control4 premium automation solutions put music and video at your command from your favorite device. Stream high-fidelity sound to every room in the house. Play high-definition video from virtually any source on any TV. Enjoy your personal music collection stored on your smartphone or tablet or stream services like Spotify, Rhapsody, and thousands of free internet radio stations. Plus, you'll enjoy more comfort, convenience, and peace of mind. Command all things at home, whether you're at there or away: lighting, security, music, TV, and so much more. Control4. It's better living—automatically.

- *A simple, elegant way to enjoy music available on your phone, tablet or computer through your Control4 system.*
- *Wirelessly connects your music collection as well as streaming music services like Pandora and Spotify*

-Combines AirPlay, DLNA and Bluetooth technologies, allowing connectivity with virtually any smartphone, tablet, PC and Mac

-Delivers your music artwork and metadata to Control4® touch screens, on-screen displays and Control4 Apps

-Continue using your smartphone, tablet or computer while listening to music with amazing sound quality

Addon 6.1 - EFFORTLESS TV 2.1 Smart Audio and Music system

(for Living room or any other room with TV, suggested one for each TV)

▪ Addon 6.1 Package Details:

Delivers richly textured HiFi sound to whatever you watch on your TV. Employ a full range of Control4 interfaces to manage your Sonos music system. From a Control4 touchscreen, for example (the same touchscreen that controls the lights, thermostats and A/V gear), customers can browse through their Sonos music library, create song queues and distribute the tunes to any ZonePlayer on the network. They can also control the volume of the music in any zone.

- *Sonos PLAYBAR is a HiFi, all-in-one wired/wireless soundbar that makes the perfect centerpiece of any home theater system.*
- *HiFi soundbar ideal for TV and music lovers*
- *The PLAYBAR's long, thin soundbar shape allows it to sit easily above or beneath your TV on a table or a console, or to be wall-mounted.*

▪ Addon 6.1 Package Contains:

1		Sonos PLAYBAR - Complements HD television screens with richly textured HiFi sound. Wirelessly streams all the music on earth. Simple to set up, control and expand.
2		Installing equipment, installation material, integration, programming, testing

Freejack Doo - Smart Home Packages For Apartments
Addon 6.2 - EFFORTLESS TV 5.1 Smart Audio and Music system

(for Living room or any other room with TV, suggested one for each TV)

▪ **Addon 6.2 Package Details:**

Complements HD television screens with highly detailed, richly textured 5.1 sound. Includes a PlayBar below TV, a subwoofer (wired or wireless) and two small Sonos Play1 surround speakers (wired or wireless). Employ a full range of Control4 interfaces to manage your Sonos music system. From a Control4 touchscreen, for example (the same touchscreen that controls the lights, thermostats and A/V gear), customers can browse through their Sonos music library...

- *Sonos works seamlessly with Apple Music, Spotify, Pandora, Deezer, Radio by TuneIn, SiriusXM, Google Play Music, SoundCloud, Amazon Music, iHeartRadio, Rhapsody, Rdio, Qobuz, TIDAL and downloads from any service offering DRM-free tracks.*

- Operate a Sonos multiroom audio system from a Control4 home automation system, including Control4 remote controls, touchscreens and TV interface.
- PLAYBAR is also a stand-alone all-in-one Sonos player that allows you to wirelessly stream all the music on earth—your iTunes library, your favorite music services, and thousands of Internet radio stations, shows and podcasts.

▪ **Addon 6.2 Package Contains:**

- 1 1x Sonos PLAYBAR
Complements HD television screens with richly textured HiFi sound. Wirelessly streams all the music on earth. Simple to set up, control and expand.

- 2 1x Sonos Subwoofer Streaming Sistem. Fills any room with deep, clear HiFi sound. Two force-cancelling speakers positioned face-to-face offer deep sound with zero cabinet buzz or rattle. Place it anywhere in the room.

- 3 2x Sonos Play 1 - Custom-designed drivers with dedicated amplifiers.
Stream your entire music library, popular music services, and internet radio.

- 4 1x Installing equipment, installation material, integration, programming, testing.
